Volume 26 (1999)

Subject Index

Adductor Sesamoid
The Potential of Digital Dental Radiography in Recording the Adductor Sesamoid and the MP3 Stages 291
Adhesive Pads
Breakage incidence with direct bonded lingual retainers 191
Adhesive Precoated Brackets
An ex-vivo investigation into the bond strength of orthodontic brckets and adhesive systems 47
Adult facial growth
Linear and angular changes in dento-facial dimensions in the third decade 51
Andrews Six Keys
The influence of maxillary incisor inclination on arch length 97
Assessment
Assessment of clinical case presentations for the Membership in Orthodontics, Royal College of Surgeons of England 1995, 1996 15

Biocompatability
Rare earth magnets in orthodontics: an overview 29
Bond Strength
An ex-vivo investigation into the bond strength of orthodontic brckets and adhesive systems 47
Brackets
Distortion of metallic orthodontic brackets after clinical use and debond by two methods 135
Bracket Base
An ex-vivo investigation into the bond strength of orthodontic brckets and adhesive systems 47
Bracket Displacement
An ex vivo investigation into the effect of bracket displacement on the resistance to sliding 219
Breakage Incidence
Breakage incidence with direct bonded lingual retainers 191

Case presentations
Assessment of clinical case presentations for the Membership in Orthodontics, Royal College of Surgeons of England 1995, 1996 15
Cephalometrics
Random errors in localization of landmarks in posteroanterior cephalograms 273
Class II division 1
Skeletal and dental changes following the use of the Frankel Functional Regulator 127
Cleft Lip and Palate
The incidence of cleft lip and palate deformities in the south-east of Scotland (1971–1990) 121
Computers
Electronic orthodontics 300

Consent
A medico-legal review of some current UK guidelines in orthodontics – a personal view 307
Craniofacial Growth
The heritability of malocclusion : Part 1 – genetics, principles and terminology 103

Date Base
The incidence of cleft lip and palate deformities in the south-east of Scotland (1971–1990) 121
Debonding Force
A laboratory investigation to compare enamel preparation by sandblasting or acid etching prior to bracket bonding 141
Digital Dental Radiography
The Potential of Digital Dental Radiography in Recording the Adductor Sesamoid and the MP3 Stages 291
Direct Bonded Lingual Retainers
Breakage incidence with direct bonded lingual retainers 191
Doppler Flowmeter
An evaluation of the changes in maxillary pulpal blood flow associated with orthognathic surgery 39

Ectopic Maxillary Canine
A medico-legal review of some current UK guidelines in orthodontics – a personal view 307
Elastic Activator
Elastic activator for treatment of open bite 89
Environment
The heritability of malocclusion : Part 1 – genetics, principles and terminology 103
Epidemiology
The incidence of cleft lip and palate deformities in the south-east of Scotland (1971–1990) 121
Error of identification
Random errors in localization of landmarks in posteroanterior cephalograms 273
Etching
A laboratory investigation to compare enamel preparation by sandblasting or acid etching prior to bracket bonding 141
Etching
Factors affecting the shear bond strength of orthodontic brackets to porcelain 285

Frankel
Skeletal and dental changes following the use of the Frankel Functional Regulator 127
Friction
An ex vivo investigation into the effect of bracket displacement on the resistance to sliding 219
Functional Appliance
Elastic activator for treatment of open bite 89

Functional appliance advancement
A modification to enable controlled progressive advancement of the twin block appliance 9
Functional Regulator
Skeletal and dental changes following the use of the Frankel Functional Regulator 127

Genetics
The heritability of malocclusion : Part 1 – genetics, principles and terminology 103
Part 2 – The Influence of Genetics in Malocclusion 195
Growth Indicators
The Potential of Digital Dental Radiography in Recording the Adductor Sesamoid and the MP3 Stages 291

Incidence
The incidence of cleft lip and palate deformities in the south-east of Scotland (1971–1990) 121
Infective endocarditis
Orthodontics and infective endocarditis 295
Inter-centre
A 5-year post-operative review of secondary alveolar bone grafting in the Yorkshire region 211
Internet
Electronic orthodontics 300

Landmark identification
Random errors in localization of landmarks in posteroanterior cephalograms 273
Le Fort I
An evaluation of the changes in maxillary pulpal blood flow associated with orthognathic surgery 39

Malocclusion
The heritability of malocclusion : Part 1 – genetics, principles and terminology 103
Mandibular Advancement Splints
An investigation into the changes in airway dimension and the efficacy of mandibular advancement appliances in subjects with obstructive sleep apnoea 205
Maxillary Osteotomy
An evaluation of the changes in maxillary pulpal blood flow associated with orthognathic surgery 39
M.Orth
Assessment of clinical case presentations for the Membership in Orthodontics, Royal College of Surgeons of England 1995, 1996 15
Motor Unit
MP3 Stages
The Potential of Digital Dental Radiography in Recording the Adductor Sesamoid and the MP3 Stages 291

Open Bite
Elastic activator for treatment of open bite 89
Orthodontics
Electronic orthodontics 300
Orthodontics
Orthodontics and infective endocarditis 295
Orthodontic Applications
Rare earth magnets in orthodontics: an overview 29
Orthodontic Brackets
A laboratory investigation to compare enamel preparation by sandblasting or acid etching prior to bracket bonding 141
Orthodontic Expansion
A 5-year post-operative review of secondary alveolar bone grafting in the Yorkshire region 211
Orthodontic Materials
A medico-legal review of some current UK guidelines in orthodontics – a personal view 307
Orthodontic Radiography
A medico-legal review of some current UK guidelines in orthodontics – a personal view 307
Orthodontic Treatment
The heritability of malocclusion : Part 1 – genetics, principles and terminology 103
OSA
An investigation into the changes in airway dimension and the efficacy of mandibular advancement appliances in subjects with obstructive sleep apnoea 205

Physical Properties
Rare earth magnets in orthodontics: an overview 29
Pitchfork Analysis
Skeletal and dental changes following the use of the Frankel Functional Regulator 127
Porcelain Bonding
Factors affecting the shear bond strength of orthodontic brackets to porcelain 285
Porcelain Fracture
Factors Affecting the Shear Bond Strength of Orthodontic Brackets to Porcelain 285
Posterior anterior cephalometrics
Random errors in localization of landmarks in posteroanterior cephalograms 273
Pulpal Blood Flow
An evaluation of the changes in maxillary pulpal blood flow associated with orthognathic surgery 39
Pulpal perfusion
An evaluation of the changes in maxillary pulpal blood flow associated with orthognathic surgery 39

Rare Earth Magnets
Rare earth magnets in orthodontics: an overview 29
Recycling
Distortion of metallic orthodontic brackets after clinical use and debond by two methods 135
Reduction of Anterior Facial Height
Elastic activator for treatment of open bite 89
Retainer Wire
Breakage incidence with direct bonded lingual retainers 191

Sandblasting
A laboratory investigation to compare enamel preparation by sandblasting or acid etching prior to bracket bonding 141
Secondary alveolar bond grafting
A 5-year post-operative review of secondary alveolar bone grafting in the Yorkshire region 211
Space Analysis
The influence of maxillary incisor inclination on arch length 97
Supine Films
An investigation into the changes in airway dimension and the efficacy of mandibular advancement appliances in subjects with obstructive sleep apnoea 205

Surface preparation
Factors affecting the shear bond strength of orthodontic brackets to porcelain 285
Treatment Planning
The influence of maxillary incisor inclination on arch length 97
Twin Block Appliance
A modification to enable controlled progressive advancement of the twin block appliance 9
Tooth Mobility
An ex vivo investigation into the effect of bracket displacement on the resistance to sliding 219

Unerupted Maxillary Canines
A medico-legal review of some current UK guidelines in orthodontics – a personal view 307

Vertical Malocclusion
Elastic activator for treatment of open bite 89
